Wander through the shearing shed and old homestead buildings before travelling across blacksoil plains and clays to marvel at the natural rock formations of the Scrammy Jump-up. Red Dirt Tours is a small tour operation, locally owned and operated by Vicki Jones. A love of nature and people is the reason Vicki started Red Dirt Tours, and this is now carried through to a small team of professional, passionate and knowledgeable Tour Guides.

We specialise in small group day tours to the natural and man-made attractions of the Winton region. Yes, that includes dinosaurs, but our tours also feature spectacular scenery and natural areas not accessible by private vehicle.

So when you get to Winton, TAKE A BREAK FROM DRIVING, sit back, relax and let us do the driving for you!
